Drilling Tools International is an equal opportunity employer.

- Ability to record specifications for quality and performance purposes
- Must be able to read and interpret charts, drawings and blueprints
- Must be able to read, interpret and follow work instructions
- Computer skills preferred (MS Office WORD / EXCEL)

**Key Responsibilities/ Essential Functions of the Position:**

- Ensures operation of machinery and mechanical equipment by completing preventive maintenance requirements on engines, motors, pneumatic tools, conveyor systems, and production machines; following diagrams, sketches, operations manuals, manufacturer's instructions, and engineering specifications; troubleshooting malfunctions.
- Locates sources of problems by observing mechanical devices in operation; listening for problems; using precision measuring and testing instruments.
- Removes defective parts by dismantling devices; using hoists, cranes, and hand and power tools; examining form and texture of parts.
- Determines changes in dimensional requirements of parts by inspecting used parts; using rules, calipers, micrometers, and other measuring instruments.
- Adjusts functional parts of devices and control instruments by using hand tools, levels, plumb bobs, and straightedges.
- Controls downtime by informing production workers of routine preventive maintenance techniques; monitoring compliance.
- Fabricates repair parts by using machine shop instrumentation and equipment.
- Maintains equipment, parts, and supplies inventories by checking stock to determine inventory level; anticipating needed equipment, parts, and supplies; placing and expediting orders; verifying receipt.
- Conserves maintenance resources by using equipment and supplies as needed to accomplish job results.
- Provides mechanical maintenance information by answering questions and requests.
- Prepares mechanical maintenance reports by collecting, analyzing, and summarizing information and trends.
- Maintains technical knowledge by attending educational workshops; reviewing technical publications; establishing personal networks.
- Maintains continuity among work teams by documenting and communicating actions, irregularities, and continuing needs.
- Maintains safe and clean working environment by complying with procedures, rules, and regulations.
- Contributes to team effort by accomplishing related results as needed
- Other duties as assigned

Competitive wages and complete benefit package offered. If all the above requirements are met, resumes may be submitted to [HR@drillingtools.com](mailto:HR@drillingtools.com) with the subject line of: Maintenance Tech Houston TX
